

Banks 'n Cuts Asset Pack

By Richard Maxted

This pack was originally designed to support my Leek & Manifold Route. It contains railway scenic assets for that route and, especially, embankments and cuttings to fit the 2' 3" narrow gauge tracks I built (see the 30lbTRacks assets). However, this is also one of a number of packs that contains things that might be of use to other route builders.

Conditions & License – PLEASE READ THIS

For freeware that you develop for yourself or for release as freeware on any website or system, you have an absolute and total right of ownership. This package contains only assets made by me – it does not need any other downloads. You may use it, clone it, modify it, rebadge and rebrand it.

You may include this asset pack – or package these assets separately – in your own freeware route files. Credit would be nice but not essential. Commercial routes may use these assets by providing a link to a freeware source of them. The assets may not be packaged into any route where payment is sought or other commercial activities without specific permission. I reserve absolutely the right to determine what is commercial. Charityware is commercial but is likely to be granted access.

If you release these assets modified then please do keep in mind that others will be using it in an original form. Please don't use the exactly the same names as mine in a public release just add your own. This is only to stop other folks having difficulties.

Versions

Version	Date	Contents
1.0	May 2014.	Repackage of those included in version 1 of the LMVLR route

Contents

2' 3" Narrow Gauge

NGBank3 to 9DarkG NGCut3 to 9DarkG NGCut3rockdarkG	Default TSC dark grass covered embankment. Slope 3 (steep) to 9 (shallow) Default TSC dark grass lined cutting. Slope 3 (steep) to 9 (shallow) Rock lined cutting side
